## A Reminder for Beneficiaries Who Receive Post-Secondary Education Grants

Opportunity Fund grants are intended to help beneficiaries cover approved expenses. If grant money received from The Opportunity Fund is greater than the final allowable expenses, it is your responsibility to return the extra money to The Opportunity Fund. Taking advantage of overfunding is strictly prohibited. Beneficiaries who keep extra money over and above approved expenses for their personal use will no longer be eligible to apply to The Opportunity Fund.

## Timing is **EVERYTHING!**

To ensure your grant funds are available when your invoice is due, please submit education applications as follows:

Submit in **July** for  
Fall tuition expenses

Submit in **October** for  
Spring tuition expenses

## Protect Your Privacy...

When sending supporting documents for your Opportunity Fund applications, please remember to **black out** your social security number.
